

INFORMATION TECHNOLOGY SERVICES PROGRAM (ITSP) II  
MSG INDUSTRY DAY  
22 AUGUST 2001  
1000 - 1300

ESC will soon award ITSP II, the Command's centrally managed, mandatory use vehicle for Advisory & Assistance Services (A&AS) Support Engineering and Technical Assistance (SETA) program to include specialized cost services (SCS). Following the ESC/XP hosted Industry Day, the Materiel Systems Group (MSG) will host another Information Technology Services Program (ITSP) II Industry Day in Dayton, OH. On 22 Aug 01, 1000-1300, MSG/ESE will host ITSP II industry day at the Wright Patterson AFB Base Theater (Area C, Kittyhawk Center, Bldg 1239, Chestnut St (off of Sycamore St)).

This program complements the Center's acquisition workforce. Services in support of this program will be acquired through Blanket Purchase Agreements (BPA) making use of the General Services Administration (GSA) Federal Supply Schedules (FSS).

The purpose of the MSG-hosted Industry Day is to allow interested firms to meet with MSG representatives who will offer information on ITSP II. All MSG acquisition-coded employees including Program Managers, Contracting Officer Representatives, Contracting Officers and contract specialists/negotiators are highly encouraged to attend the MSG-hosted Industry Day.

There will be a Government-only session during the last half hour of the MSG event.

Date and location:
